As we reflect on yet another year impacted by the COVID-19 pandemic and the challenges of this past year, it's important to celebrate our success. Together with the support of our staff, members, volunteers, community partners, and donors, MANA de San Diego expanded our services to meet the needs of our participants and broader community. This year will be no different, COVID-19 continues to be challenging but MANASD has overcome these obstacles by going virtual/hybrid and will eventually move forward to in-person events once again. It’s important to note that MANASD has never stopped and will continue to strive to meet the needs of our community.
